

## Art Glass in Orange County

### Central Christian Church

Map #20

#### Churches

*The 16 stained glass windows in the sanctuary are gifts given in memory of Grace Phillips Johnson by her family. [Margaret Overbeck](#) designed this window with the assistance of Karole Kistrack in etching the glass and painting the window. They depict some part of the heritage and teachings of the Christian Church (Disciples of Christ). Detailed descriptions at [cccorlando.org/windows.htm](http://cccorlando.org/windows.htm).*

*In the Grace Chapel there are three large windows executed in the medieval thick faceted glass style. They depict the Bible's story of creation: Heaven, Earth, Sea; Birds and Fish; Land Animals and Land; Adam and Eve in the Garden of Eden given to the church by Winifred Johnson Cluve in memory of her husband, Peter Clive. Maitreverrier (master glassmaker) Jean Lesquibe of France was commissioned to design and build the windows, which he did in his studio in Anglet, France over a two year period. They were installed in 1980.*

*To schedule an educational visit, contact the church office at 407-425-6611 or go online [disciples@cccorlando.org](mailto:disciples@cccorlando.org)*
