ORANGE COUNTY PARKS AND RECREATION MULTI-PURPOSE FIELD ALLOCATION

BACKGROUND:

The Orange County community is fortunate to have a tremendous interest in field sports with high participation levels in County programs, organized youth sports organizations and school programs. This demand has taxed the limited playing field resources to an extreme level. Although the County's maintenance efforts are much higher than most, because of the high level of activity it is difficult to keep field conditions at a premium level throughout the year. The guidelines for allocation of playing fields provide a clear and equitable process that allows for a balance of use and attempts to reduce wear of natural turf fields.

The field allocation procedures consists of an application process which requests information about the sports organization desiring to be an Youth Sports Partner, scores and ranks the organization using criteria that best meets the mission of the County and issues field space reservation permits for use of the fields. This process is designed to give preference to Orange County youth for organized athletic activity while still providing opportunity for broader public access and adequate field maintenance.

PURPOSE:

The Orange County Parks and Recreation Division seeks partnerships with non-profit sports organizations to provide recreational opportunities, for all ages, at our facilities. Orange County seeks to establish one Youth Sports Partner, per park, per sport.

PROCEDURES:

The field allocation process is divided into three distinct processes:

1. Application Process for Youth Sports Partners
2. Completion of a Youth License Agreement
3. Issuance of Field Space Reservation Permits

Entities not awarded field space through the Youth Sport Partner process may utilize fields based on space availability, following the seasonal schedule outlined for Youth Sports Partners. (See page 4, *Application Process for Non-Youth Sports Partner*)

Application Process for Youth Sports Partners

Once every three years, Orange County Parks and Recreation Division will accept Applications from organized youth sport groups wishing to become a Youth Sports Partner. For the first three year period, existing primary users will be grandfathered in. Applications will be accepted only for new park sites excluding Barber Park expansion at this time.

In order to be eligible to be a Youth Sports Partner and submit an application, the organization must meet the following criteria:

- Be an Organized Youth Sport Group that is sanctioned and governed by a recognized regional, state or local body.
- Provide athletic programs to a specific service area in close proximity to requested playing fields.
- The Organized Youth Sport Group must run its programs in such a manner that its activities are open to all persons who wish to participate, regardless of race, gender, national origin or disability.
- Organized Youth Sport Group whose general membership is not based exclusively on ability and performance through a “try out” system and who do not reserve the right to “cut” players from teams.
- Organized Youth Sport Group shall be composed of at least 75% Orange County Residents.
- Organized Youth Sport Group must operate as a non-profit corporation under the laws set forth for incorporation by the State of Florida. A certificate of incorporation and copy of the organization’s by-laws must be supplied to the Parks and Recreation Division.
- The Organized Youth Sports Group must provide a scholarship program for underprivileged youth.

Organized youth sports groups are invited to apply for seasonal use of park playing fields. These organizations may also apply to use the County’s sports storage space, concession stands and hang banners. The established application timelines are:

- Applications Available Second Week in May
- Application Deadline Second Week in June

Organizations which miss the application submittal window will be subject to the Application Process for Non-Youth Sports Partners.

One application per park location is allowed. No applicant will be awarded more than two locations.

Organized youth sports groups and community groups desiring ongoing field space must submit rosters with addresses of participants. The amount of field time allocated to each group is dependent upon the number of Orange County resident participants in relationship to the available permit hours as well as the priority use designated for each season, field and time frame. While fields have been assigned based on historical data, County staff will work with the Parks Advisory Board as needed regarding field assignments.

Applications will be reviewed and scored. Point rankings will determine which Youth Sports Partner will be awarded an agreement. Youth License Agreements are a binding three-year contract, authorized by the Board of County Commissioners.

Completion of a Youth License Agreement

All Youth Sports organizations awarded an agreement will be required to adhere to the Athletic Facility Management Plan, found in Appendix A.

Games & Practices

The Orange County Parks and Recreation Division has the responsibility to manage facility uses to accommodate the greater need of all Orange County residents and users and to ensure facility access to the greatest number of users.

Youth Sports Partner organizations will manage their usage as part of their agreements with the Division. Scheduling should reflect a maximum of 4.5 hours per team per week to include practices and games.

Residency Requirement

If residency is questioned, physical proof will be required through documentation (i.e. water bill or power bill). All user organizations or teams may be composed of youth residing in different locations throughout Orange County, if not prohibited by their sanctioning body.

Fees & Payment

Uniform hourly scheduling and fees apply to ALL users. Youth Sports Partner contracts will include a fixed monthly payment plan based upon the agreed upon allocation. Since fields are allocated before season, eliminating access for other groups, refunds will not be made for unused allocations.

Each organization will be required to have all applicable fees paid before their monthly usage period. If payment does not occur, the organization will incur late fees and be restricted from reserving any future field space or any other Orange County facility until the debt is rectified.

Background Screening

The Division requires all organized youth sport groups to comply with Florida Statutes (refer to the Youth License Agreement, Section 4 Background Screening Requirement, page 17).

Issuance of Field Space Reservation Permits

Youth Sports Agreements will be issued based on the field ranking criteria scoring results. The following steps will take place if an organization is awarded facility usage rights:

<u>STEP</u>	<u>DATE INITIATED</u>
1. Review /Confirmation of Schedule	First week in August
2. Field Space Reservations Issued	Second week in August
3. Adjustments for interleague games	Seasonally, by first week of play

Youth Sports Organizations will submit their field space requests via a Field Use Allocation Space Request form. Field Space Reservation approval requires authorization by the Site Supervisor to ensure there are no programmatic, scheduled events or operational conflicts. A copy of the approved Field Space Reservation permit is to be given to the applicant.

Parks and Recreation will permit space with good faith that groups are not simply monopolizing fields. Groups who have not used fields responsibly or have violated any of the use guidelines may jeopardize renewal of their Contract. Permitted Youth Sports Partners may request a reduction or expansion of their annual allotment during the next open application window.

Permits are issued in one hour increments. Permits must end by 10:00pm at parks with field lights; and at dusk at parks without field lights.

Application Process for Non-Youth Sports Partner

Seasonal field space reservation permits for recreational play will be issued by the Park Site based on space availability following the seasonal schedule outlined for Youth Sports Partners. A Certificate of Insurance naming Orange County as Additional Insured will be required.

All applicable fees are located in the Division's fee schedule. A field reservation will not be considered scheduled until a Facility Use Contract is signed and appropriate fees have been collected.

Conducting or operating organized leagues and tournaments is prohibited without a seasonal permit.

Sundays from 9am-5pm will be dedicated to adult community groups. Adult community groups desiring field time besides Sundays from 9am-5pm will be permitted after Youth Sports Partners have been allocated.

Formula to Address Contested Field Allocations

There may be a situation where multiple deserving organizations apply at one facility and schedules may conflict. The Division will do everything to avoid this from occurring; however, if it does occur, both users will be asked to work this conflict out in the best possible manner. If this cannot occur, the last resort will be for the Division to allocate field space based upon a demand formula. The demand formula takes into account the field capacity for prime time hours (weekdays from 5pm to 9pm, Saturdays and Sundays from 9am to 5pm) and field requests and

allocates field space based upon the number of participants in the organization (i.e. If Organization A has a 400 participants and Organization B has 600 participants, Organization A would have the right to 40% of the field space and Organization B would have the right to 60% of the field space.) A lottery or draw system will be used by the Division to implement this demand formula in the fairest manner. If after this step, either user is still not satisfied with the outcome, they may appeal to the Parks Advisory Board. The Board's decision will be final and binding to both users and the Division.

The guidelines and procedures specified through this document will govern all recreational and competitive organized sports activity use. These guidelines will be administered and enforced by the Orange County Parks and Recreation Division at athletic sites maintained and operated by the Orange County Parks and Recreation Division.

Law Enforcement in Orange County Parks

All persons entering the facility are subject to the policies set forth by the Orange County Parks and Recreation Division. The facility staff is responsible for the enforcement of those policies. Uniformed law officers of the Orange County Sheriff's Department will be called upon to assist in the enforcement of applicable County ordinances.

The Site Supervisor or designee may ban any athletic participant or event attendee from admission to the facility for such length of time as the Site Supervisor may deem necessary in order to punish or prevent indecorous or improper behavior by such participant or attendee.

Safety

The Orange County Parks and Recreation Division, at any time, may cancel, postpone, or delay any game or practice due to inclement weather or any other factors, which might impair the safety of participants or cause damage to the playing areas. The Division will contact the renters, if possible, in the event of cancellation. It shall be the responsibility of the user to advise its members of any facility cancellation.

In case of lightning, no one will be permitted on the fields and they will be closed until signaled by the Thor Guard Lightning Detection System. If the park is not equipped with the system, fields will be closed for thirty (30) minutes after the last visible lightning strike. Immediately after the first incident of severe weather, all outside areas (i.e. fields, dugouts, bleachers, etc.) should be cleared of patrons. All outside areas should be checked, all equipment secured.

Users will be responsible for completing pre-game/practice field safety checks. Any unsafe condition/deficiency should be reported immediately to staff prior to the start of play. Commencement of play by users constitutes agreement as to the safety of playing conditions.

Users will take all reasonable precautions for safety. Sports groups will provide reasonable protection to prevent damage, injury, or loss to all persons and property at the facility.

Users will comply with all applicable safety laws, ordinances, rules, regulations, standards and lawful orders of any public authority bearing on the safety of persons or property, and protection of such from damage, injury or loss.

Scheduling

Usage of facility is only for time and dates indicated in the application. Games are to begin early enough to ensure completion by the end of the rental time. If use runs past allotted time, additional time will be charged the hourly rate for each hour or half-hour overtime.

Failure of any sports organization to utilize any scheduled field without twenty-four (24) hours' notice to the Site Supervisor may result in restriction and/or termination of use after the third occurrence. Refunds for field rentals not utilized will only be granted if the field user gives a prior 24-hour cancellation notice to the Site Supervisor. Credits towards future usage because of cancellations will not be allowed.

Extensions for games, practices, playoffs, etc. must be requested immediately.

Maintenance

The Parks and Recreation Division will maintain fields for games and practices. At the end of each use, the user will be responsible for removal of all debris in utilized areas.

At no time will a user perform any maintenance to a field without verbal agreement with the Site Supervisor prior to beginning the task. The user may assist Orange County Parks and Recreation employees if requested.

All fields will be closed for a minimum of four (4) weeks during the winter and summer of each year. The Division will reserve the right to close any fields for emergency repairs. The Division will make every effort to notify all user organizations of the closures.

Parks and Recreation Division staff may provide field markings for a fee as established in Division's fee schedule. Users have the option to provide their own field lining and/or chalking with site approval.

Concessions

Concession facilities are targeted for use by only one vendor (excluding Parks and Recreation personnel) unless deemed necessary by the Parks and Recreation Division. In special situations, vendors may request to utilize a portable concession with site approval. All portable concessions will need to be removed from the site daily. All vendors must obtain any necessary operating permits through the Health Department. Vendor fees will be assessed as outlined in the Division's fee schedule. Vendors must provide all necessary food supplies and equipment needed for concessions. All concession sales are to end no later than 9:30 p.m. daily. Beverage products sold must be consistent with any current facility vendor contracts. Any concession operation must meet appropriate health codes.

Banners

Sponsorship banners may be hung on athletic ball field fencing seasonally by Agreement users. Facility Use users may hang banners only during their event. Banners must be all the same size at each complex and be made of vinyl. Metal grommets must be in all four (4) corners and two (2) in center. No plywood, metal or hard-backed banners are permitted to be hung on fencing. The preferable color is a white background with one color lettering. Banners will be attached to fencing with proper fixtures (i.e. wind screen ties).

All banners should be purchased through the same vendor. We suggest that the organization purchase each banner as opposed to the advertising vendor. Advertisements must display a vendor that is reputable and pleasing to family values. The Site Supervisor has the right to refuse or remove any advertisements that do not meet these guidelines. All advertisement must face towards the field of play. Further, the Site Supervisor has the right to remove advertisements as necessary.

Coaches Certifications
