

Orange County 2019 Water & Wastewater Capital Charge Increases

Approved water and wastewater capital charge increases will take effect on February 1, 2019. Capital charges are assessed on all Orange County Utilities (OCU) connections to water distribution and wastewater collection systems in accordance with Chapter 37 of the Orange County Code.

As stated in Ordinance 2018-15 approved by the Board of County Commissioners:

Development having construction plans submitted to OCU before February 1, 2019, and approved by OCU and capital charges paid on or before July 31, 2019, will be assessed the water and wastewater capital charges in effect on the date of submission of the construction plans to OCU:

- **\$1,791 per Equivalent Residential Connection (ERC) for water**
- **\$3,346 per Equivalent Residential Unit (ERU) for wastewater**

Development having construction plans submitted to OCU before February 1, 2019, but not approved by OCU and capital charges paid on or before July 31, 2019, will be assessed the water and wastewater capital charges in effect at the time of payment of capital charges:

- **\$1,970 per Equivalent Residential Connection (ERC) for water**
- **\$3,570 per Equivalent Residential Unit (ERU) for wastewater**
