

ORDINANCE NO. _____

AN ORDINANCE AMENDING CHAPTER 15, ARTICLE V OF THE ORANGE COUNTY CODE OF ORDINANCES, KNOWN AS THE “NOISE CONTROL ORDINANCE OF ORANGE COUNTY, FLORIDA”; AMENDING PROVISIONS PERTAINING TO DEFINITIONS, SOUND LEVEL LIMITS, STANDARDS FOR MEASURING SOUND, EXEMPTIONS, VARIANCES, AND METHODS OF ENFORCEMENT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, in October 1986, the Orange County Board of County Commissioners (the “Board”) enacted the Noise Control Ordinance of Orange County, Florida (the “Noise Control Ordinance”);

WHEREAS, the Board subsequently amended the Noise Control Ordinance during the years of 1995, 2008, and 2014, to protect the health, safety, and general welfare of people of the county by providing additional standards for the abatement of excessive and unnecessary noise; and

WHEREAS, the Board desires to further ~~amend~~ enhance Orange County’s standards for the abatement of excessive and unnecessary noise by amending the Noise Control Ordinance to amend definitions, maximum allowable sound level limits, and certain other provisions of the Noise Control Ordinance.

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ORANGE COUNTY:

Section 1. Amendments to the Noise Control Ordinance. Chapter 15, article V of the Orange County Code, consisting of sections 15-176 through 15-215, is hereby amended to read as follows, with additions being shown by underlines and deletions being shown by strike-throughs:

ARTICLE V. NOISE POLLUTION CONTROL

Sec. 15-176. Title.

This article shall be known and may be cited as the “Noise Control Ordinance of Orange County, Florida.”

42 **Sec. 15-177. Authority.**

44 This article is enacted pursuant to Article II, § 7, Florida
46 Constitution, which provides that adequate provision shall be made
48 by law for the abatement of excessive and unnecessary noise, and
under the home rule power of Orange County, Florida, specifically,
F.S. § 125.01(1), and the County Charter.

50 **Sec. 15-178. Scope.**

52 This article shall be effective throughout the unincorporated
area of the county.

54 **Sec. 15-179. Purpose; intent; authority and responsibility of
56 environmental protection officer and investigating officer.**

58 (a) The purpose of this article is to prevent, prohibit, and
also provide for the abatement of, excessive and unnecessary noise,
known as noise disturbance, in order to protect the health, safety,
60 and general welfare of people of the county.

62 (b) It is the intent of this article to clearly define and describe
the respective authority and responsibility under this article for the
64 environmental protection officer and the investigating officer
relating to noise disturbance investigation and enforcement, unless
66 the noise disturbance is otherwise exempt under this article.

68 (c) Nothing in this article is intended to deter individuals
70 from lawfully exercising the individual right of freedom of speech,
72 or any other rights guaranteed under the Constitution of the United
States of America or the Constitution of the State of Florida, or to
unreasonably limit or restrain commercial or industrial enterprises.

74 ~~(e)~~ The environmental protection officer shall have the
76 authority pursuant to this article to investigate and, if applicable,
issue a notice of violation or civil citation as provided in this article
78 in any case involving a noise disturbance emanating from residential
property under construction or a nonresidential property that
80 exceeds the allowable limits set forth in section 15-182 of this
article.

82 ~~(e)~~ The investigating officer shall have the authority
84 pursuant to this article to investigate and, if applicable, issue a civil
or criminal citation for a violation of the plainly audible standard, as
86 established in section 15-183(b), and noise disturbance complaints
which may involve the consumption of alcohol or any suspected

88 illegal activities and noise disturbance complaints involving “breach
of the peace” as defined in F.S. § 877.03.

90 **Sec. 15-180. Terminology, standards, and definitions.**

92 (a) *Terminology and standards.* All technical acoustical
terminology and standards used in this article that are not defined in
94 subsection (b) shall be read or construed in conformance with the
American National Standards Institute, Inc., (“ANSI”) publication
96 entitled “Acoustical Terminology,” designated as ANSI standard
1.1-1994.

98 (b) *Definitions.* The following words, terms and phrases,
when used in this article, shall have the meanings ascribed to them
100 in this section, unless the context clearly indicates a different
102 meaning:

- 104 (1) *A-weighted sound pressure level* shall mean the sound
pressure level, in decibels, as measured on a sound level
106 meter using the A-weighting network. The level so read
shall be designated as dB (A-wt).
- 108 (2) *ANSI* shall mean the American National Standards
110 Institute, Inc.
- 112 (3) *Background noise level* shall mean the sound pressure
level of the all-encompassing noise emanating from a
114 given environment, usually being a composite of sounds
from many sources.
- 116 (4) *Breach of the peace* shall mean as defined in F.S. §
118 877.03.
- 120 (5) *Construction* shall mean any site preparation, assembly,
erection, substantial repair, alteration, or similar action,
122 for or on public or private thoroughfares, structures,
utilities or similar property.
- 124 (6) *Decibel* or *dB* shall mean a unit for describing the
126 amplitude of sound, equal to twenty (20) times the
logarithm to the base ten (10) of the ratio of the pressure
128 of the sound measured to the reference pressure, which
is twenty (20) micronewtons per square meter.
- 130 (7) *Development permit* shall have the meaning as described
132 in F.S. § 163.3164.

134 (8) *Demolition* shall mean any dismantling, destructing or
136 razing of structures, utilities, public or private
thoroughfares, or similar property.

138 (9) *Distance measuring device* shall mean an electronic
140 device that utilizes global positioning software (GPS) or
142 a similar software application, such as Google Maps or
144 Google Earth; a measuring wheel; counting paces; a
speed measurement device, such as a device used by law
enforcement agencies; or other means or methods
utilized to reasonably estimate distances.

146 ~~(910)~~ *Emergency* shall mean any occurrence or circumstance
148 involving actual or imminent physical death or trauma,
environmental harm, or property damage, demanding
immediate emergency work or service.

150 ~~(1011)~~ *Emergency work* or *emergency service* shall mean
152 any labor performed for the purpose of preventing or
154 alleviating, or attempting to prevent or alleviate, physical
trauma or property damage threatened or caused by an
156 emergency, or work by private or public utilities when
restoring utility service.

158 ~~(1112)~~ *Environmental protection officer* shall mean the
160 county environmental protection officer, as defined in
this chapter, or his/her designee.

162 ~~(1213)~~ *Equivalent sound pressure level (Leq)* shall mean a
164 sound level descriptor based on the average acoustic
166 intensity over time. Leq is intended as a single number
168 indicator to describe the mean energy or intensity level
over a specified period of time during which the sound
level fluctuated, Leq is measured in dB and must be A-
weighted.

170 ~~(1314)~~ *Impulsive sound* shall mean a sound of short
172 duration, usually less than one ~~(1)~~ second and of high
174 intensity, with an abrupt onset and rapid decay.
Examples of sources of impulsive sound include
explosions, or pile driver impacts.

176 ~~(1415)~~ *Intermittent sound* shall mean a sound of greater than
178 one ~~(1)~~ second duration and less than fifteen (15)
minutes. Examples of sources of intermittent sound are

air compressors, heating and air conditioning units and PA speakers.

(~~15~~16) *Investigating officer* shall mean the Orange County Sheriff or duly authorized Orange County Deputy Sheriff.

(~~16~~17) *Motor vehicle* shall mean any vehicle defined as “motor vehicle” by F.S. § 320.01(1).

(~~17~~18) *Noise or noise disturbance*, for purposes of this article, shall mean any sound produced in such quantity and for such duration that it annoys, disturbs or injures a reasonable individual of normal sensitivities, and exceeds the sound level limits set forth in this article or is plainly audible. Further, noise or noise disturbance includes, but is not limited to, low frequency sounds caused by amplified bass music that can induce vibration in building structures or human beings.

(~~18~~19) Noise compliance and compatibility study shall mean a study prepared by a qualified professional that through modeling and/or field study demonstrates that under the most adverse conditions expected the proposed project, including any proposed noise abatement plan, will comply with the noise regulations in Article V, Chapter 15 of the County Code, and provides a comparison to background noise levels, durations, and characteristics (e.g., continuous, intermittent, impulsive, and tone/frequency) within surrounding properties, and also other properties within the same zoning category or the same class of any transect or special zone.

(~~19~~20) *Noise-sensitive zone* shall mean a quiet zone where serenity and quiet are of extraordinary significance, which is open or in session. Noise-sensitive zones include schools, public libraries, churches, hospitals, nursing homes, and other areas defined as such pursuant to a resolution adopted by the board of county commissioners.

(~~20~~21) *Person* shall mean an individual, association, partnership, or corporation, including any officer, employee, department, agency or instrumentality of the

224 United States, the state or any political subdivision
226 thereof.

228 (~~2122~~) *Plainly audible* shall mean any ~~noise or noise~~
230 ~~disturbancesound~~ produced by ~~any source,~~ or reproduced
232 by ~~a radio, tape player, television, CD player, electronic~~
234 ~~audio equipment, musical instrument, sound amplifier or~~
236 ~~other mechanical or electronic sound-making device~~ any
238 source that can be clearly heard by a person using his/her
240 normal hearing faculties, at a distance as defined in
242 subsection 15-183(b)(1) from the property line or right-
of-way line of the source of the ~~noise disturbancesound~~.
When the particular sound or noise involves words or
phrases, sound or noise may be deemed as “clearly
heard” even though the investigating officer cannot
determine the specific words or phrases being uttered or
produced. The detection of a rhythmic bass ~~reverberating~~
vibrating component of music or type of noise
disturbance is sufficient to constitute a plainly audible
sound or noise.

244 (~~2223~~) *Property line* shall mean an imaginary line along the
246 surface of land or water, and its vertical plane extension,
248 which separates the real property owned, rented or leased
250 by a person from the real property owned, rented or
252 leased by another person. Where the real property
owned, rented or leased by a person abuts a waterbody,
the term “property line” shall mean the established
normal high water elevation of the waterbody.

254 (~~2324~~) *Public right-of-way* shall mean any street, avenue,
256 boulevard, highway, sidewalk, alley, or similar place
normally accessible to the public which is owned or
controlled by the state, county, or municipality.

258 (~~2425~~) *Residential area* shall mean an area of
260 unincorporated Orange County that predominantly
262 includes residential properties, i.e., single-family and
multifamily dwellings, townhouses or timeshare
condominiums.

264 (~~2526~~) *Sound* shall mean an oscillation in pressure, stress,
266 particle displacement, particle velocity or other physical
parameter, in a medium with internal forces. The
268 description of sound may include any characteristic of
such sound, including duration, intensity, and frequency.

~~(2627)~~ *Sound level* shall mean the weighted sound pressure level obtained by the use of a metering characteristic and weighting A as specified in American National Standards Institute specifications for sound level meters (ANSI standard 1.4-1983). If the weighting employed is not indicated, the A-weighting shall apply.

~~(2728)~~ *Sound level meter* shall mean an instrument which includes a microphone, amplifier, RMS detector, integrator or time averager, output meter, and weighting network used to measure sound pressure levels. The output meter reads sound pressure level when properly calibrated. The sound level meter shall be of Type 2 or better, as specified in the American National Standards Institute publication entitled “Specifications for Integrating-Averaging Sound Level Meters” designated as ANSI standard S1.43-1997 ~~(R2007)~~ and any subsequent revision thereof.

~~(2829)~~ *Sound pressure* shall mean the instantaneous difference between the actual pressure and the average or barometric pressure at a given point in space, as produced by the presence of sound energy.

~~(30)~~ *Sound pressure level* shall mean a twenty (20) times the logarithm to the base ten (10) of the ratio of the root mean square sound pressure to the reference pressure of twenty (20) micronewtons per meter squared. The sound pressure level is denoted Lp (or SPL) and is expressed in decibels.

~~(31)~~ *Special event* shall mean an event for which the County has issued a special event permit, as defined in chapter 38 of the Orange County Code, as it may be amended, renumbered or replaced, that is subject to certain requirements and conditions, including conditions for limitations on the hours and sound produced by the event, such as an Outdoor Public Assembly Permit, Block Party Permit, Special Outdoor Event Permit and similar special event permits.

~~(32)~~ *Unamplified human voice* shall mean a human voice that is not enhanced or intensified in volume, effect, or force, through the use of an amplifier, such as electronic or mechanical equipment.

316 (33) Vehicle shall mean any means in or by which someone
318 travels or something is carried or conveyed, including,
320 but not limited to, cars, trucks, trailers, and motorcycles.

322 **Sec. 15-181. Findings of fact.**

324 (a) Excessive and unnecessary noise interferes with the
326 quality of life and can interfere with the health, safety and general
welfare of the public.

328 (b) In particular, excessive and unnecessary noise can cause
adverse psychological and physiological effects on humans.

330 (c) A substantial body of science and technology exists by
332 which noise may be measured and substantially abated.

334 (d) The provisions and prohibitions contained in this article
336 are enacted in pursuance of and for the purpose of securing and
338 promoting the public health, safety, welfare and quality of life in the
county for its inhabitants.

340 **Sec. 15-182. Maximum permissible sound levels; land use
categories; times; and measurement descriptors.**

342 TABLE 1
344 MAXIMUM ALLOWABLE SOUND LEVEL LIMITS
(measured with sound level meter)

<i>Land Use Category</i>	<i>Measurement</i>	<i>Time of Day</i>	<i>Sound Level Limit (dBA)</i>
Noise Sensitive Zone	Time Averaged (LEQ Leq)	Any time	55 dB -dBA
	Impulsive	7:00 a.m.—10:00 p.m.	60 dB -dBA
	Impulsive	10:01 p.m.—6:59 a.m.	Not allowed
Residential Area	Time Averaged (LEQ Leq)	7:00 a.m.—10:00 p.m.	60 dB -dBA
	Time Averaged (LEQ Leq)	10:01 p.m.—6:59 a.m.	55 dB -dBA
	Impulsive	7:00 a.m.—10:00 p.m.	65 dB -dBA
	Impulsive	10:01 p.m.—6:59 a.m.	Not allowed

346 **Sec. 15-183. Measurement or assessment of noise.**

- (1) Sound shall be measured with an integrating-averaging sound level meter satisfying at least the applicable requirements for a Type 2 meter or better, as specified in the American National Standard Institute publication entitled, “Specifications for Integrating-Averaging Sound Level Meters” designated as ANSI standard S1.~~43-19971~~-2013.
 - (2) Calibration of all instruments, components, and attachments shall conform to the latest ANSI standards.
 - (3) Measurements of sound under this subsection shall be made by individuals trained in a noise measurement program approved by the county.
 - (4) Sound shall be measured outdoors, no closer than the nearest noise sensitive zone or residential area property line.
 - (5) All sounds shall be measured for a period not less than fifteen (15) minutes in duration, except as provided in subsections (a)(6) and (a)(7).
 - (6) Intermittent sounds shall be measured within a sixty-minute period. A minimum five ~~(5)~~ minute Leq of the sound shall be required to evaluate if a violation exists.
 - (7) Impulsive sounds shall be measured for only the duration of the sound.
 - (8) Except when site conditions are prohibitive, measurements shall be taken at approximately five ~~(5)~~ feet above the ground or water surface and at least five ~~(5)~~ feet away from any obstruction or reflecting surface.
 - (9) At sites with background noise levels which are at, or in excess of, the applicable allowable levels of Table 1, the maximum allowable noise level will be three ~~(3)~~ dB above the allowable levels of Table 1, or one ~~(1)~~ dB above background, whichever is greater.
- ____(b) *Assessment of noise without sound level meter.*
- (1) No person shall create a sound that is plainly audible at the time and distance requirements set forth in the following Table 2:

396
398

TABLE 2
PLAINLY AUDIBLE STANDARD SOUND LIMITS

<i>Underlying Land Use Category (from which noise emanates)</i>	<i>Time of Day</i>	<i>Distance</i>
Residential Area	7:00 a.m.—10:00 p.m.	500 <u>100</u> feet or more
	10:01 p.m.—6:59 a.m.	150 <u>50</u> feet or more
Nonresidential Area	7:00 a.m.—10:00 p.m.	500 <u>200</u> feet or more

(2) ~~Noise disturbances~~Sounds in violation of subsection 15-183(b)(1) shall be confirmed by the investigating officer. The investigating officer who hears a ~~noise disturbancesound~~ that may be plainly audible shall assess the ~~noise disturbancesound~~ by measuring the distance from the property line or right-of-way line of the source of the ~~noise disturbance according to the following standards:~~ sound to a distance that exceeds the distance requirement of the plainly audible standard sound limits in subsection 15-183(b)(1). The investigating officer shall measure such distance, according to the following standards, to determine whether the sound constitutes a noise disturbance:

a. The primary means of detection shall be the investigating officer's normal hearing faculties, provided the investigating officer's hearing is not enhanced by any mechanical or medical device, such as a hearing aid.

b. The investigating officer shall have a direct line of sight and hearing to the real property that is the source of the ~~noise disturbancesound~~ so that the investigating officer can identify the offending source of such ~~noise disturbancesound~~ and the distance involved.

c. The investigating officer shall use a distance measuring device to measure the distances defined in subsection 15-183(b)(1).

Sec. 15-184. Prohibited acts.

432
434

Subject to the provisions of sections 15-185 and 15-186, no person shall produce, cause to be produced, or allow to be produced, by any means, any noise disturbance on any private or public

436 property, including a right-of-way, when such noise is plainly
438 audible or when such noise is measured pursuant to section 15-183
and, where applicable, exceeds the applicable sound level limits set
440 forth in section 15-182.

442 **Sec. 15-185. Exemptions.**

444 The provisions of section 15-184 shall not apply to the
following sounds:

446 ~~(1a)~~ Lawn maintenance activities, from 7:00 a.m. until
~~10:00~~9:00 p.m.;

448 ~~(2b)~~ Railway locomotives or cars activity conducted in
450 accordance with federal laws and regulations;

452 ~~(3c)~~ Church or clock carillons, bells or chimes from 7:00 a.m.
until 10:00 p.m.;

454 ~~(4d)~~ Aircraft and airport activity conducted in accordance
456 with federal laws and regulations;

458 ~~(5e)~~ Law enforcement activities, including training;

460 ~~(6f)~~ Emergency signals during emergencies;

462 ~~(7g)~~ Emergency signal testing between 7:00 a.m. and 7:00
464 p.m.;

466 ~~(8h)~~ Emergency work or emergency service;

468 ~~(9i)~~ Generators used during or as a result of an emergency;

470 (j) Intermittent testing of generators and emergency
472 equipment between 8:00 a.m. and 6:00 p.m., consisting of no more
474 than two intermittent periods of 20 minutes each for testing within
476 any consecutive two hour period of time, with the exception that
478 temporary generators that are used to provide electrical power
during an electrical power outage are exempt from such time
limitations, provided that the generator or emergency equipment is
operated in accordance with the manufacturer's specifications, with
all standard equipment, and is in proper operating condition;

480 ~~(10k)~~ Motor vehicles operating on a public right-of-way
subject to F.S. § 316.293 and applicable federal criteria;

482 (11) Refuse collection vehicles, including street sweepers,
while in the process of performing their intended activities;

484 (12m) Construction or demolition activities, other than the
486 placement of concrete as described in subsection (13n) below, for
which the county has issued a development permit, provided such
488 activity occurs between 7:00 a.m. and ~~10:00~~9:00 p.m.;

490 (13n) Placement of concrete associated with nonresidential
development activities, for which the county has issued a
492 development permit, when conducted between 3:00 a.m. and 10:00
p.m. If placement of concrete is planned to occur prior to 7:00 a.m.,
494 notice shall be provided to surrounding residential areas or noise
sensitive zones with in a maximum period of no more than fourteen
496 (14) calendar days and a minimum period of forty-eight (48) hours'
notice prior to commencement of the this activity scheduled date of
498 the placement of concrete. No more than one alternative date for the
scheduled date of the placement of concrete shall be provided in
500 such notice. The notice, and any subsequent changes in the
502 anticipated or alternative date for the placement of concrete, shall be
provided to the Environmental Protection Division and shall be
504 distributed in accordance with the policies and procedures
established by the Environmental Protection Division. A copy of
506 the notice and distribution list shall be provided to the environmental
protection officer at least forty-eight (48) hours prior to
commencement of ~~this such concrete placement~~ activity;

508 (14o) Construction activities related to city, county, state or
510 federal roads, highways or freeways;

512 (15p) Scheduled organized activities at a publicly-owned or
operated facility;

514 (16q) The supervised public display of fireworks by fair
516 associations, amusement parks, and other organizations or groups of
individuals under the authority of and in compliance with public
518 assembly permits issued by the county and other applicable
requirements of law or other lawful use of fireworks;

520 (17r) Unamplified human voices;

522 (18s) Any motor vehicle engaged in a professional or amateur
524 sanctioned, competitive sports event for which admission or entry
fee is charged, or practice or time trials for such event, at a facility
526 being used for such purposes as of October 15, 1995; and

528 ~~(19t) Outdoor events for which the organizer has been issued~~
530 ~~a special outdoor event permit by Orange County, provided it is~~
532 ~~conducted in accordance with such permit. A special event, as~~
534 ~~defined in this article, upon the condition that the Sheriff's Office~~
536 ~~has provided written approval to exempt the special event from~~
~~compliance with maximum sound level requirements or other~~
~~requirements of the Noise Ordinance, and the special event is~~
~~conducted in accordance with such written approval and other~~
~~requirements and conditions of the special event permit.~~

538 **Sec. 15-186. Variances.**

540 (a) The environmental protection officer may grant a
542 variance from any provision of section 15-182 or 15-184.

544 (b) Any request for a variance from the requirements of this
546 article shall be considered by the environmental protection officer
548 and granted only when it is found that hardship would result from
550 strict compliance with the provision from which a variance is
sought. The environmental protection officer shall grant approval of
a variance upon the determination that (1) the hardship is not self-
imposed; (2) the variance is necessary; and (3) the intent and
purposes of this article are achieved in granting the variance.

552 (c) Any person seeking a variance shall submit an
554 application to the environmental protection officer. At a minimum,
the applicant shall provide the following information:

- 556 (1) Identification of applicant;
- 558 (2) Applicant's mailing address;
- 560 (3) Legal description of property from which the sound will
562 emanate;
- 564 (4) Description of source of sound;
- 566 (5) Description of sound;
- 568 (6) Names and addresses of all abutting property owners;
~~and~~
- 570 (7) Facts and reasons justifying a variance-; and
- 572 (8) Noise compliance and compatibility study.

574 (d) The applicant for a variance shall tender an application
576 fee in an amount determined by the board of county commissioners.

578 (e) The environmental protection officer shall schedule a
580 hearing on the variance application. The environmental protection
582 officer shall notify the applicant for a variance and all abutting
584 property owners no less than ten (10) days before the hearing of the
time, date, and place of the hearing. If the variance application stems
from a complaint, then the environmental protection officer shall
notify the complainant.

586 (f) At the hearing, the applicant may submit any relevant
588 evidence or testimony. In deciding whether to grant or deny the
590 application, the environmental protection officer shall consider the
592 hardship which will result to the applicant, the community, and other
594 persons if the variance is not granted, versus the adverse impact on
596 the health, safety, and general welfare of persons if the variance is
598 granted. The environmental protection officer shall grant or deny the
variance application no later than ten (10) days after the date of the
hearing. In granting or denying a variance application, the
environmental protection officer shall state in writing on the
application the reasons for the decision. If the decision is to grant
the application, the environmental protection officer shall set forth
the terms and conditions of the variance.

600 (g) Any person aggrieved by the decision of the
602 environmental protection officer may appeal pursuant to the
provisions of section 15-38.

604 **Sec. 15-187. Enforcement/penalty.**

606 (a) It shall be unlawful for any person to violate any
608 provisions of this article, or any provisions of any resolution enacted
pursuant to this article. The provisions of this article may be
610 enforced by issuance of a letter of warning, a notice of violation,
612 civil citation, or criminal citation. Any person not in compliance
with this article, or any provisions of any resolution enacted
pursuant to the authority of this article, may be prosecuted in
614 accordance with chapter 11 of this Code or as provided in section 1-
9 of this Code. Each violation shall be considered a separate offense.

616 (b) When a complaint is investigated by the environmental
618 protection officer, pursuant to subsection 15-179(c), and a
determination is made that a violation of this article has occurred
without the issuance of the appropriate variance or special event
permit as provided in sections 15-186 and 15-187 of this article, or

620 not in accordance with this article, the environmental protection
622 officer shall promptly issue a letter of warning, written notice of
violation, or civil citation. If and when issued, a civil citation shall
624 be issued pursuant to the requirements provided at F.S. § 162.21,
which shall be punishable by a fine of two hundred dollars (\$200.00)
626 for the first offense and four hundred dollars (\$400.00) for the
second offense. A third and each subsequent violation of the same
628 provision requires a mandatory court appearance and may be
punishable by a fine of five hundred dollars (\$500.00). All such
630 finer are shown in Table 3 in subsection 15-187(f). If and when
issued, a notice of violation shall include a description of the site
632 where the violation has occurred, cite the provisions of this article
and other applicable laws that have been violated, and set forth the
634 required remedial action or actions to be taken as deemed reasonable
and necessary by the county. Such remedial action may include:

- 636 (1) Modification of the structure or business causing the
638 violation in order to comply with applicable local, state
or federal laws or regulations;
- 640 (2) Any other actions consistent with the purpose and intent
642 of this article or other applicable laws in order to
ameliorate the adverse impacts of the violation; and
- 644 (3) Administrative and civil penalties.

646 (c) (1) When a noise complaint is received and referred to the
investigating officer for investigation, pursuant to subsection 15-
648 179(d), and upon personal investigation the investigating officer
finds probable cause to believe the owner or operator of the real
650 property at issue is in violation of this article, the investigating
officer may issue a written warning to cease and desist the violation.

- 652 (2) If the owner or operator of the real property does not take
654 corrective action regarding such a cease and desist
warning within a reasonable time, which is defined to be
656 ~~fifteen (15)~~ five minutes or less, or if the noise or sound
is abated after the warning and then reoccurs within one
658 hundred eighty (180) days of the time of abatement, the
owner or operator of the real property at issue may be
660 found guilty of a civil infraction, with a maximum
penalty in an amount not to exceed five hundred dollars
662 (\$500.00).
- 664 (3) Upon determination that a violation of this article has
occurred, the investigating officer may issue a civil

citation pursuant to the requirements provided at F.S. § 162.21, which shall be punishable by a fine of two hundred dollars (\$200.00) for the first offense and four hundred dollars (\$400.00) for the second offense. A third and each subsequent violation of the same provision requires a mandatory court appearance and may be punishable by a fine of five hundred dollars (\$500.00) or by criminal citation as provided in section 1-9 of this Code. All such fines are shown in Table 3 in subsection 15-187(f).

(d) If the person cited elects to pay the applicable reduced civil penalty for a first or second violation, the person shall be deemed to have admitted the infraction and waived the right to a hearing. If the person cited fails to pay the civil penalty by the fourteenth day after issuance of the citation or fails to request a court hearing within the time prescribed, the person shall have waived any right to contest the citation, and a judgment shall be entered against the person cited in an amount up to the maximum civil penalty, which shall not exceed five hundred dollars (\$500.00).

(e) Any person violating this article shall be liable for all costs incurred by the county in connection with enforcing this article or any provisions of any resolution enacted pursuant to this article, including, without limitation, attorneys' fees and investigative and court costs.

(f) Enforcement and penalty summary table.
