MAYOR'S WELCOME LETTER

Pine Hills Neighborhood Improvement District Annual Report

Greetings Friends and Neighbors,

The vibrant community of Pine Hills is no stranger to me. Throughout my career as a public servant, I have worked diligently alongside Pine Hills residents and businesses to ensure this neighborhood continues to thrive.

As many of you have already heard me say, my goal is to make Orange County the “Experimental Prototype Community of Tomorrow” by creating a culture of innovation, collaboration and inclusiveness. This aspiration extends to the Pine Hills Community as well. With all of us working together, we can find new and effective ways to keep the community safe, prosperous, clean and attractive.

I will continue to support the admirable work of The Pine Hills Neighborhood Improvement District (NID) and its role in helping Pine Hills to overcome challenges and obstacles arising from its status as one of our oldest and largest neighborhoods.

I encourage all citizens to learn more about the Pine Hills NID by reading the Pine Hills Neighborhood Improvement Plan, a long range vision for redevelopment. This plan elaborates on the NID’s mission to bring together businesses, citizens and government to build a brighter future. It examines existing conditions in the NID regarding public safety, land use, zoning, housing and transportation, and also clarifies key challenges and opportunities. It establishes a clear implementation strategy comprised of policy, program and project recommendations.

Take some time to discover how the Pine Hills NID is fulfilling the goals of the long range plan, by reading this 2020-2021 annual report. We hope you will join us on our journey to revitalize our community. With all of us working together, Pine Hills can become a place where innovation, collaboration and inclusiveness lead to excellence.

Sincerely,

A handwritten signature in blue ink that reads "Jerry L. Demings".

ABOUT THE PINE HILLS NEIGHBORHOOD IMPROVEMENT DISTRICT

Pine Hills Neighborhood Improvement District Annual Report

WHAT IS THE PINE HILLS NID?

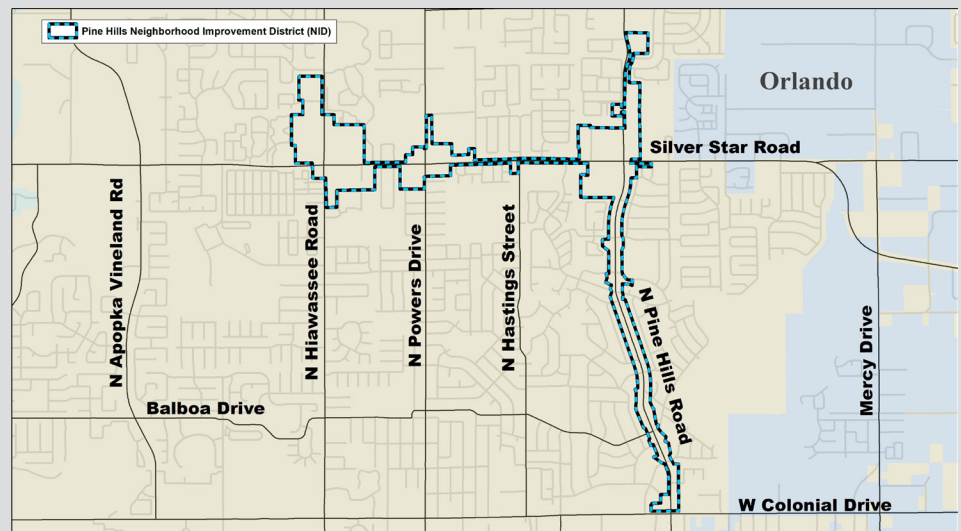

The Pine Hills Neighborhood Improvement District (PHNID) is a special district adopted by the Orange County Board of Commissioners in December 2011 to serve as a catalyst for revitalizing the local economy.

Our Vision is for Pine Hills to remain a diverse, multi-cultural community that seeks to preserve its rich history as a family-oriented community, create a safe, business-friendly environment, and offer our citizens a place to live, work, play and learn.

Our Mission is to strengthen our community through partnerships with local business leaders, citizens, government institutions and non-profit organizations with a focus on expanding local community commerce, improving infrastructure, removing business impediments, and controlling messaging and communications in social and traditional media.

FUNDING

The Orange County Board of Commissioners has authorized an annual allocation of \$125,000 for the PHNID until 2022. This funding comes from the Crime Prevention Fund, a fund authorized by Chapter 775.033, Florida Statutes which allows the County to place revenue derived from criminal court fines into a special account for community safety and improvement purposes. The PHNID also pursues funding from donations, government allocations, and grants.

Pine Hills Home Sales Trend Since 2005

Available housing stock, and home sales are a key indicator of a community’s economic health. If housing stock is in demand, then it is likely that home prices will be higher. This information, along with the data provided above, is what new companies use to determine whether or not they would like to invest in a community. Like most communities, home sales in Pine Hills declined in 2008, but started to recover in late 2011. Since that time home sales have increased steadily reaching a pre-recession mark in November 2020.
