

MONTHLY NEWSLETTER - November 27, 2024

Orange County Government received \$219 million in federal disaster recovery funding (CDBG-DR funds) to help communities in hard-hit areas recover from Hurricane Ian. Orange County aims to provide our residents and community partners with the most up to date information as the County moves forward with its implementation of the CDBG-DR programs.

To achieve this, a monthly newsletter containing the latest CDBG-DR program updates will be released on the last calendar day of each month. This newsletter will be made available online via MailChimp. We encourage you to share this newsletter with your friends, family, colleagues, and anyone else who, you believe, might benefit from this information.

Please visit our website at www.ocfl.net/CDBG-DR for more information about the CDBG-DR Program, timeline, and other related information.

Upcoming Programs

Orange County is preparing to release two (2) Request for Applications (RFAs) in December 2024 for the Infrastructure, Public Facilities and Planning Studies programs. Once released, the RFA must be completed and submitted online through ZoomGrants, which can be accessed through the website: www.ocfl.net/CDBG-DR. A Pre-Award Technical Assistance Workshop will be held in December to discuss in detail the program requirements, the RFA process, and answer questions.

Infrastructure and Public Facilities Programs:

- Total funding: \$59,322,240 (27% of the total allocation), with an additional \$28,658,000 set aside for mitigation.
- Purpose: Focuses on unmet needs from Hurricane Ian, funding critical infrastructure projects like flood and drainage improvements, stormwater management, and rehabilitation/construction of public facilities.
- Project Maximum: \$15,000,000 per project.

Planning Studies Program:

- Total funding: \$5,000,000 (2.3% of the total CDBG-DR allocation).
- Purpose: To assist departments, divisions, local jurisdictions and government entities in conducting studies to support the creation of recovery and resiliency strategies that address future hazards and storms. The goal is to enhance the County's resilience and address ongoing recovery needs through community planning initiatives that aim to reduce future disaster risks.

Minimum Eligibility Criteria

The following minimum eligibility criteria must be met for projects applying to the CDBG-DR Infrastructure and Public Facilities and Planning Studies Programs:

Infrastructure and Public Facilities Programs:

- The proposed project:
 - Demonstrates a tie-back to Hurricane Ian, unless it is a mitigation only project,
 - Benefits low-moderate income persons,
 - Benefits a low-moderate area, and/or;
 - Enhances resiliency.

Planning Studies Program:

- The proposed study must address the impact of disaster through mitigation and resiliency related activities.

Evaluation Criteria

Projects will be scored on a scale of 0 to 100 points for each evaluation criteria listed below.

- Project Description and Need
- Agency Competency
- Budget Justification and Leverage of Funds
- Project Feasibility
- Implementation and Outcomes

To ensure that projects are selected fairly, an evaluation committee composed of a variety of stakeholders will conduct an extensive review of all application submissions. The evaluation committee, which was formed in consultation with the Local Mitigation Strategy working group to provide the technical expertise necessary for scoring the project submissions, will be responsible for reviewing and scoring projects based on the evaluation criteria.
