Reams Road

FROM SOUTH OF SUMMERLAKE PARK BOULEVARD TO TABORFIELD AVENUE

April 2023 Newsletter

Purpose

The purpose of the project is to widen Reams Road, from south of Summerlake Park Boulevard to Taborfield Avenue. The proposed design includes two 11-foot-wide travel lanes in each direction separated by a raised median. A 5-foot-wide sidewalk is located on the south side of the roadway, and a 14-foot-wide multi-use trail is planned along the north side of the roadway. The project also plans to incorporate drainage improvements, lighting, landscaping, and a wildlife crossing.

Completed Interim Improvements

- Installed flashing wildlife crossing
- Trimmed down vegetation between Greenbank Boulevard to just west of Peachtree Park Court to maximize wildlife visibility
- Trimmed down vegetation over sidewalks as needed
- Installed speed feedback sign
- Milled and resurfaced roadway between Center Drive to Newmarket Drive

Project Details

The proposed design includes two 11-foot-wide travel lanes in each direction separated by a raised median. A 5-foot-wide sidewalk is located on the south side of the roadway, and a 14-foot-wide multi-use trail is planned along the north side of the roadway. The project also plans to incorporate drainage improvements, lighting, landscaping, and a wildlife crossing. Right-of-way acquisition will be needed for the roadway and stormwater improvements.
