

Orange County
Utilities
Biosolids
Policy:
**To continue
to maximize
the beneficial
reuse of
biosolids.**

A biosolids **Environmental Management System (EMS)** is a new way of doing business.

Biosolids are nutrient-rich organic materials resulting from wastewater treatment that are used for soil amendment.

Our goal is to increase the awareness of biosolids and educate the public that biosolids reuse is safe and beneficial.

*Recycling Today for a **Greener** Tomorrow*

To obtain a copy of Orange County Utilities' Biosolids Policy and/or Goals and Objectives, please contact the Water Reclamation Division at 407-254-9690, or by e-mail at Water.Reclamation@ocfl.net.

Para más información, por favor llame al Departamento de Servicios Públicos del Condado de Orange y pida hablar con un representante en español.
El número de teléfono es 407-254-9690.
