Trade Show & Convention Permit Application Process

STEP 1:

You are in the **step-by-step instructions** for completing an application for a Trade Show or Convention Permit. **First-time users will need to create an account and upload their application and plans through the Contractor Portal.** The Office of the Fire Marshal utilizes the software platform *MobileEyes* for all services we provide, **to include applying for Trade Show and Convention permits in the “Contractor Permit Portal”** area. It is recommended that you either print these instructions or toggle back-and-forth between the Permit pages to follow these instructions for successful submittal. The actual Permit Application document will be on the last page of this step-by-step instructions document and will need to be saved to a file so that it can be submitted as an attachment through the Contractor Permit Portal. All payments will be made in a separate online secured Orange County Government Payment Portal. To locate the **Fire Rescue Fee Pages** or the **Online Payment Portal Information**, please click on the associated hyperlink located in the Document Library Box on the left side of your computer screen in the *Contractor Permit Portal* area. If at any time you encounter difficulties, please call (407) 836-0004 and ask to speak with a Permit Analyst to assist you with the application process.

STEP 2:
