

| 2024 Pre-Application Meeting Schedule | |
|---------------------------------------|------------------------------|
| Pre-Application Request Deadline | Pre-Application Meeting |
| Wednesday, September 25, 2024 | Thursday, October 10, 2024 |
| Wednesday, October 16, 2024 | Wednesday, October 30, 2024 |
| Wednesday, November 6, 2024 | Wednesday, November 20, 2024 |

Notice to Applicants:

Please note that Orange County is in the process of adopting the Vision 2050 Comprehensive Plan and Orange Code (a rewrite of many current zoning code sections) which may affect the review and potential approval of your application(s). The concurrent adoption and/or approval of Vision 2050 and Orange Code by the Board of County Commissioners (Board) is tentatively scheduled for late-2024. With the exception of certain applications for properties located within the master planned communities of Horizon West and Avalon Park, or within the Innovation Way and Lake Pickett Study Areas, approval of any pending application to change a property's existing Future Land Use Map (FLUM) designation and/or Zoning District will not be possible after the Board's adoption of Vision 2050 and Orange Code. Therefore, those applications and related requests that are dependent upon the existing Comprehensive Plan and Zoning Code will become null and void, and ineligible for application fee refunds, if not approved prior to the Board's adoption of Vision 2050 and Orange Code.

*The window for Pre-Applications will be open effective September 17 until November 7, 2024. Pre-App meetings will be held as needed from October 10 through November 20, 2024 to ensure that every applicant has a chance to be heard with enough time to submit an Application before December 1, 2024.
