RE: Approval of Reopening Plan for Walt Disney World Resort

Dear Mr. Vahle:

The Department of Business and Professional Regulation received your correspondence, dated May 27, 2020, requesting approval for the phased reopening of Walt Disney World Resort's theme park operations beginning July 11, 2020, pursuant to proposed safety guidelines prepared in accordance with the provisions of Executive Order 20-123 as issued by Governor Ron DeSantis on May 15, 2020.

Based on the Department's review of the proposed safety guidelines, and in consideration of the careful review and endorsement of the plan by Orange County Mayor Jerry Demings, Walt Disney World Resort has established the necessary plans for the safe operation of its theme park properties upon reopening. Accordingly, I approve the plan for reopening Walt Disney World Resort's theme parks on July 11, 2020.

For additional information and guidance related to businesses regulated by the Department within your resort properties, I encourage you to monitor the Department's Emergency Information Page, available at www.myfloridalicense.com/emergency, during the ongoing "Safe. Smart. Step-by-Step. Plan for Florida's Recovery."

As always, please contact the Department if our team can be of further assistance to you on this matter or other inquiries related to Walt Disney World Resort in the future.

Very respectfully,

Halsey Beshears
Secretary, Florida Department of Business and Professional Regulation
